OVERVIEW OF THE LAKE LAS VEGAS EVENT APPLICATION

To determine whether your proposed event can be programmed at one of the Lake Las Vegas venues, please complete the Lake Las Vegas Event Application. Applications should be submitted six (6) months prior to actual event date. If applicable, all event applications must include, but not limited to, a detailed map, traffic plan, water/land rescue plan, security plan, and timeline of the proposed event. All permits and insurance for the event are due at the time of the Right of Entry agreement. All applications will be reviewed by the Lake Las Vegas Events Review Committee. The Committee meets on the first Thursday of each month. Submission of an application does not guarantee the approval of the proposed event. A \$500 non-refundable application fee is required at the time of application submission. All expedited reviews will require a non-refundable application fee of \$1000 or more.

WHY IS THE EVENT APPLICATION REQUIRED?

The Event Application is required to provide all Lake Las Vegas entities with a comprehensive understanding of the objectives and production requirements of the event. Detailed answers to the Event Application will assist the Events Review Committee in evaluating the sustainability of the event for the proposed venues. Incomplete applications will not be accepted.

HOW LONG WILL IT TAKE FOR MY APPLICATION TO BE EVALUATED?

Once an application is received, a member of the LLVERC will contact the listed applicant to conduct a pre-screen interview. This pre-screen interview will be used to gather more information on the proposed event and will then be relayed to the LLVERC for use in their final decision.

Once all questions have been answered and all supplementary materials submitted, you will be notified via email by a member of the LLVERC on whether or not your application has been approved.

WHAT IS THE COST TO HAVE AN EVENT AT LAKE LAS VEGAS?

Once the event is approved, a \$500 refundable deposit is required. The deposit will be returned once the post-event site has been cleared by Lake Las Vegas for damage assessment.
